Chapter 41, Section 1, Session Laws of the State of New Hampshire, 1885, as Amended by Chapter 81 of the Laws of 1889 reads as follows—

SECTION 1: Whenever any person, resident in the State, not under guardianship or legal restraint, who has been honorably discharged from the army or navy of the United States, shall from any cause become poor, and unable to provide maintenance for himself and dependent family; such person, his wife, widow or minor children, or such of said children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home, or such place, other than a town or county almshouse, as the Selectmen or Overseer of the Poor may think right and proper in said town or city.

SECTION 2: The necessary expense of such maintenance shall be paid by the town or county liable under existing laws for the support of such soldier or sailor, and all account of money so paid and expended shall be kept separate, and so reported and returned, from all other town or county expenditures, and under the name of "Aid to Dependent Soldiers and their Families," so that they shall in no way be known or classed as paupers.

ELECTRIC LIGHTS.

In accordance with the vote of the town the selectmen have received proposals from several electric light companies for a complete plant to be operated by the town, and also from two local parties to furnish electricity for street lighting.

After careful investigation of the several systems of electric lighting we were of the opinion that the citizens of the town would not be well satisfied with a light of less than 32 candle power, and found it uncertain about being able to secure a 32 candle power light from any but the Brush Electric Light Co.

Several days before the time limited for awarding the contract expired, the board was asked by representatives of each of the aforesaid local parties, to reserve its decision pending negotiations whereby the said parties could unite, and allow citizens to take stock in one local company. The board decided to accede to this request.

After some delay we were informed that arrangements to unite had been made by the local parties, and we decided to accept the proposal of the Franklin Gas & Electric Light Co., provided a 32 candle power light could be furnished, to which said company agreed provided such light could be obtained. At about the time of our acceptance of the proposal with the provision stated, an injunction was served on the Brush Electric Light Co. restraining them from doing business in New England after completing plants then contracted for. A representative of the Brush Company called on us at this time and informed us that his company would soon be allowed to contract for new plants, which they were unable to do until it was too late to attempt to get the system in operation before the advent of winter.

NORCROSS & SAUNDERS BRIDGE CASE.

We have made investigations as to what is due the town, in what is known as the Norcross & Saunders Bridge Case, and find that judgement was rendered against Daniel Saunders, Oct. 11, 1883, for \$2,179.82, including costs. Of this amount \$1,100 has been paid—\$800 to Pike & Parsons and \$300 to Daniel Barnard, counsel for the town in this suit. It appears that the town has realized \$362.05, in cash, of the amount recovered, the balance being offset by bills for services ren-

dered during the several years the case was in court, and which at the time of settlement were satisfactory to the selectmen. There is, therefore, due the town from Daniel Saunders \$1,079.82, with interest from date of judgement, less costs, which can be recovered by Mr. Saunders, which he claims will exceed \$750. We are unable at this time to state whether or not the balance can be collected of Mr. Saunders.

ESTIMATE.

By direction of the town, the Selectmen publish the following as their estimate of the amount of money required to defray the expenses of the town for the year ensuing, and the State and County taxes:

Highways	\$4,000 00

REPORT OF AGENT ON THE CONDITION OF BRIDGES.

The bridge near the Birthplace, so called, has had one new abutment built, new stringers, plank and railing. The bridge near Gile's mills has had new railing put on; the plank are oak and appear to be in good condition, but the stringers have been in some time and will need new ones in their places soon. The Covered bridge needs painting and some of the plank that were worn out have been replaced by new ones. It looks as if it would need new planking another season. Some of the plank on the new Iron bridge have been replaced by new ones this season and the remainder are in poor condition.

The Sanborn bridge near No. 1 paper mill, both stone and woodwork, are in a bad condition and will require considerable repairing in the spring, or, what is really necessary, an entirely new structure. An experienced engineer has made an estimate of the cost of both an iron and stone bridge and new stone arches as follows:

FRANKLIN, Feb. 6, 1891.

ALONZO MESSER, Esq., Supt. of Streets,

Dear Sir:

Following are estimates of the cost of replacing the present structure at the Sanborn bridge, so called, by a new bridge:

For an iron bridge including rebuilding of abutments, bridge to be 34 feet wide and 65 feet span, stonework and iron superstructure complete, but not including approaches, \$5,900.

For a stone bridge of two arches of 30 feet span each, width of bridge over all 34 feet, \$7,700, including earth filling on bridge, but not including approaches.

The above estimates include only the bridge proper and do not take into account in either case the approaches, on which some work would have to be done whichever style of bridge were built, the cost of which would be about the same in either case. Nor has anything been allowed for removing the old stonework, as the material would probably more than compensate for the cost of removal.

Respectfully,

F. W. BATEMAN, Civil Engineer.

Number of complaints for selling liquor, 37; number of complaints for drunkenness, 20. Expense of prosecuting dealers, \$431.58; received from dealers in fines and costs, \$515.51; excess of receipts over expenses, \$83.93; expense of prosecuting cases for drunkenness, \$283.53; received in fines and costs, \$91.05; excess of expenses over receipts, \$192.48.

By arrangement with the Selectmen at the beginning of the year the matter of dealing with arrests for drunkenness was placed in my hands, consequently all expenses in those cases have been paid from the fund placed at my disposal, and not by the Selectmen, as heretofore. An examination of the foregoing account will show that much of the expense incurred has been on account of the drunk cases.

If indictments are found in those cases where the parties are bound over for appearance at the next term of court, a certain portion of the costs will be returned to the town.

I trust that the report will be found sufficiently complete to give a clear understanding of the year's work. Such has certainly been my purpose in preparing it.

I desire at this time to express my thanks to those of my associates in the prosecutions who have rendered faithful and efficient service, also to a large number of citizens for the very cordial support which I have received.

Respectfully submitted,

S. H. ROBIE, Prosecuting Agent.

Town Warrant.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the town of Franklin in the County of Merrimack, in said State, qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall in said Franklin, on the second Tuesday of March next, at nine of the clock in the forenoon, to act upon the following subjects:

- 1st—To choose a moderator to preside in said meeting.
- 2d—To choose all necessary town officers for the year ensuing.
- 3d—To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
- 4th—To see what sum of money the town will vote to raise and appropriate for the purchase of school books and supplies.
- 5th—To see what sum of money the town will vote to raise and appropriate for sewers and sidewalks.
- 6th—To see what sum of money the town will vote to raise and appropriate for lighting the streets.
- 7th—To see what sum of money the town will vote to raise and appropriate for the purpose of decorating soldiers' graves.
- 8th—To see what sum of money the town will vote to raise and appropriate to rebuild Sanborn bridge, so called.

9th—To see if the town will vote to buy or lease for a term of years the Turnpike road of the Webster Lake Company, and what sum of money it will vote to raise and appropriate therefor.

10th—To see if the town will vote to pay the highway tax in money unless worked prior to July 1.

11th—To see if the town will vote to instruct the Selectmen to change to its original course the stream of water which now crosses the highway below the Kenrick homestead.

12th—To see if the town will elect an agent to enforce, at the expense of the town, the law against the illegal sale of spirituous liquors, and instruct the agent to make a report of his doings in the next town report.

13th—To see if the town will vote to raise and appropriate the sum of \$1,000 for the purpose of erecting a soldiers' monument or memorial hall.

14th—To see if the town will authorize the Selectmen to appoint one or more watchmen for a walking nightwatch, and fix their stations and limits, prescribe their duties and contract for and pay them a reasonable compensation.

15th—To see what sum of money the town will raise and appropriate as compensation for one or more police officers to be appointed by the Selectmen.

16th—To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord, eighteen hundred and ninety-one.
